An aerial photograph of a major fire incident in a city street. Several fire trucks are positioned along the road, with hoses extended. A large plume of white smoke rises from a building in the background. The scene is surrounded by tall city buildings and a pedestrian walkway. A copyright notice is visible at the top: "© 2001. The Fire Department of the City of New York. All rights reserved."

2024 The Fan Government of the City of New York is important

Section 106 Requirements require that the project resources identify and evaluate the effects of the project on the historic resources of the City of New York.

As shown, these requirements address both the explicit resources
identified in the plan and the City of Miami's needs.
